A spectacular natural wonder the Dead Sea is perfect for religious tourism and fun in the sun with the family. With its mix of beach living and religious history you can soak up the sun while Biblical scholars can get their daily dose of religious history. The leading attraction at the Dead Sea is the warm, soothing, super salty water itself – some ten times saltier than sea water, and rich in chloride salts of magnesium, sodium, potassium, bromine and several others.

The unusually warm, incredibly buoyant and mineral-rich waters have attracted visitors since ancient times, including King Herod the Great and the beautiful Egyptian Queen, Cleopatra. All of whom have luxuriated in the Dead Sea's rich, black, stimulating mud and floated effortlessly on their backs while soaking up the water's healthy minerals along with the gently diffused rays of the Jordanian sun.
